

Does Cyprus have a 5G network?

02 MAY 2022 - 18:50 Source: A nnouncements C yta has announced the completion of the pan-C ypriot 5G mobile networkthat offers state-of-the-art telecommunications services throughout the country, even in its most remote areas. Â T his makes C yprus the 1st country in the EU with 100% population coverage.

Can I use 5G outside of Cyprus?

Yes, you can use 5G outside of Cyprus, but this depends on the availability of 5G in the countries you visit and the roaming agreements that C yta has with local providers.

Which country has 100% 5G coverage?

C yprusis the 1st country in the EU with 100% 5G coverage T he village of S ykopetra was the last village to be connected by C yta to the 5G network 02 MAY 2022 - 18:50 Source: A nnouncements

Does C yta have the fastest 5G network in Europe?

The president of C yta M r.

M ichalis I oannidis, referring to the completion of the fastest 5G network in Europe, with 100% population coverage throughout the island, said that "this is an achievement that no other country hasÂ accomplished so far.

For us at C yta, it is important that all C ypriotsÂ avail of the digital transition".

What radio frequency is used in Cyprus?

In Cyprus, the radiowaves spectrum that has been licensed by the state (700 MH z and 3.6 GH z) are very close to those frequencies that have been used for years by the existing mobile phone technologies and digital television.

It is worth noting that home W i-F i frequencies operate at 2.4 GH z and 5 GH z.
