How can I use solar energy in Seychelles?

Certified by Seychelles Energy Commission Approved by PUC Use solar energy independently by using battery storage or a hybrid system.

Full range of maintenance and monitoring services available for your solar energy system.

Voltage optimisation and power factor correction devices.

How does solar PV work in the Seychelles?

Currently, Seychelles has a net metering policy where electricity produced by your solar photovoltaic PV systems is recorded to a separate meter.

PUC then credits your electricity bill at the end of each month.

Further details on how solar PV works in the Seychelles please see our Frequently Asked Questions page.

How does a hybrid system work in Seychelles?

A hybrid system uses both the grid and batteries.

Currently, Seychelles has a net metering policy where electricity produced by your solar photovoltaic PV systems is recorded to a separate meter.

PUC then credits your electricity bill at the end of each month.
